# Horizon Europe's Structure – R&D Projects

# Horizon Europe Structure

# Horizon Europe

## Projects Under Pillar 2

## Large research and innovation collaborative international projects:

- Usually 3 to 5 years.
- Minimum of 3 partners, usually +7 up to 20 or more.
- + 2 M€ (some get up to 30 M€).
- General objectives, proposed activities and expected results must be proportional to the budget and to the challenge proposed in the topic.
- Ambitious and Innovative.

A multidisciplinary and multi actor approach, the involvement of the stakeholders, including end-users is promoted

## Pillar 2: for whom?

- 1 Large companies and SMEs
- 2 Research centres & higher education institutions
- 3 Municipalities
- 4 NGOs/Associations
- 5 Governmental entities

# Horizon Europe **Why You Should Apply to Pilar 2?**

## Gain Knowledge & Expertise

Access knowledge, methodologies, and best practices.

## Access Key Resources

Get privileged access to data, contacts, and strategic information.

## Boost Innovation & Testing Capacity

Enhance your ability to test and demonstrate solutions.

## Expand Your Network

Build new collaborations and connect with a broader ecosystem.

## Increase Visibility

Showcase your work and gain more recognition in your field.

## Create Real Impact

Ensure your ideas and projects drive meaningful change.
